Gila County Provisional Community College District proposes steady tax rate for 2022

Globe, Ariz. — The Gila County Provisional Community College District (GCPCCD) is considering a slightly lower tax rate for the 2022 budget year. The reduced tax rate was made possible because the overall assessed value of property in Gila County has increased over the past year, having a net effect of providing additional revenue for higher education in Gila County. The GCPCCD governing board will make a final decision at its June board meeting.

Because the assessed property value has increased county-wide, the tax rate will drop from .9588 to .9565. Because the reduced rate will generate additional funds, statutory language refers to this as a tax increase, when in fact it is a tax rate reduction.

The Truth in Taxation Notice for this proposal will be posted in the Arizona Silver Belt on May 26 and June 2 and in the Payson Round Up on May 25 and June 1. For more information about the GCPCCD proposed 2021-2022 budget, please click here http://www.gilacc.org/about/college_budgets.php.

“The Gila County Provisional Community College District contracts with Eastern Arizona College to provide educational services at the Gila Pueblo and Payson campuses,” said Jan Brocker, GCPCCD president. “This additional funding adds more value, allowing us to continue furthering educational opportunities for Gila County residents.”

The public is invited to send comments on the GCPCCD recommendation to leitha.griffin@eac.edu. Members of the public can also provide comments at the GCPCCD board meeting on Wednesday, June 9, 2021.
